

What are the rules?

We don't play with official rules but we obey to a some basic ones:

- You can't touch the ball with your hands.
- You can't jump and stop the ball with your body. Feet on the floor!
- No high stick! It is important that we don't hurt each other so the stick should not get higher then your knees.

- No stick between the legs of your adversary
- You can kick the ball only to your own stick, no passes with your feet!

Just tell me if I have forgotten anything.
